The AAA's Rules provide the AAA with the authority to administer an arbitration including, arbitrator appointment and challenges, general oversight, and billing. Accordingly, arbitrations that proceed without AAA administration are not considered AAA arbitrations, even when the parties select an arbitrator who is on the AAA's Roster.

The information contained in this resume has been supplied solely by the individual arbitrator and may, or may not, be a complete reflection of their experience. The AAA assumes no responsibility for the content, completeness, accuracy, or reliability of the information contained in an arbitrator's resume. If you have any questions about an arbitrator's experience or background, you are encouraged to contact your case manager.

Arbitrators on the AAA Roster are not employees or agents of the AAA.

(DRB)/Third Party Neutral (TPN). Clients have included owners, contractors, subcontractors, design professionals, sureties, and attorneys. Project disputes have included bridges, roads, transit, utilities and infrastructure, civil, residential, multi-family, office, hotel, casino, commercial, industrial, educational, prisons, justice centers, hospitals, marine facilities, ship repair, and shipbuilding, including multiple large complex or Mega projects as an attorney, expert, and ADR provider.

As Executive Vice President and General Counsel for RLB, responsible for litigation expert and ADR services to owners, contractors, subcontractors, design professionals, sureties, and attorneys relating to projects, disputes, dispute resolution, and dispute avoidance. Areas include construction defects, claims for additional compensation, schedule/delay issues and claims, loss of efficiency and cumulative disruption, breaches of contract, terminations, construction management issues, and claims made against performance and payment bonds.

Prior to employment at RLB, practiced as an attorney representing construction clients that included owners, primes, subcontractors and sureties. Dispute experience included: bid protests, design defects, defective construction claims, constructive change claims, changed site conditions, acceleration and loss of efficiency claims, delay claims, terminations for default and convenience, guarantee and warranty claim breaches of contract, collections and payment disputes, disruption claim suspensions of work, bond claims, and payment disputes. Worked at contractor facilities and on-site at construction projects assisting in project management, contract administration, schedule and delay analysis, and preparing documentation for claims. In addition, for over five years was responsible for opinion reports and claims relating to additional compensation or delay claims by law firm in-house claim consultants. Prepared, analyzed, and oversaw numerous large complex or Mega project claims for additional compensation and schedule impact, including analysis of entitlement issues, cost analysis, and schedule analysis. Projects included private and public (local, state, and federal) contracts.

The positions of Project Engineer and CONREP with the Department of the Navy provided hands-on experience with public/government contracts, design, project management, contract administration, estimate bids, change orders, inspecting work to plans and specifications, monitoring progress against schedules, and pay application review. Projects included the construction of the Destroyer Tender AD-41 Class (USS Yellowstone), and the design and construction of the T-ARC 7 (USNS Zeus). Projects also included the design and construction of the T-AGOS 1 Ocean Surveillance Class (USNS Stalwart), and various repair projects.

Alternative Dispute Resolution Experience

John T. Jozwick, Esq.

Neutral ID: 126470
