The AAA's Rules provide the AAA with the authority to administer an arbitration including, arbitrator appointment and challenges, general oversight, and billing. Accordingly, arbitrations that proceed without AAA administration are not considered AAA arbitrations, even when the parties select an arbitrator who is on the AAA's Roster.

The information contained in this resume has been supplied solely by the individual arbitrator and may, or may not, be a complete reflection of their experience. The AAA assumes no responsibility for the content, completeness, accuracy, or reliability of the information contained in an arbitrator's resume. If you have any questions about an arbitrator's experience or background, you are encouraged to contact your case manager.

Arbitrators on the AAA Roster are not employees or agents of the AAA.

\$7 million stadium in Fort Collins; \$3 million condominium project in Vail; \$5 million assisted living center in Colorado; \$20 million chip manufacturing plant in Colorado Springs; \$50 million cogeneration plant in New Jersey; \$2 million power plant in Massachusetts.

Has participated in over 400 mediations and numerous arbitration hearings including large complex disputes involving airports, bridges, dams, tunnels, power plants, cogeneration plants, stadiums, hospitals, underground utilities, highways, water treatment facilities, high-rise dwellings, condominiums/multi-family dwellings, renovations, data centers, office buildings, schools, sewers, shopping centers, ethanol plants, wind farms, manufacturing plants, casinos, hotels, and resorts. Has advised clients on matters pertaining to civil, electrical, environmental, geotechnical, foundations, industrial, mechanical, and structural engineering, in addition to subcontractor work related to acoustical, concrete, curtain walls, drywall, electrical, excavation, HVAC, masonry, paving, plumbing, roofing, and structural steel.

Has been an arbitrator in a variety of construction cases, ranging from scope disputes, design interpretations, construction defects, standard of care matters, inefficiency and productivity claims, design delegation issues, complex scheduling claims, and has a breadth of experience regarding critical path scheduling and damages analysis.

Has drafted legislation for construction issues and presented positions before state government officials on behalf of industry organizations including the Associated General Contractors, Design-Build Institute of America, National Electrical Contractors Association, and Mechanical Contractors Association.

In 2016, was named a Fellow in the American College of Construction Lawyers. Has been recognized in Colorado by Chambers USA for Construction Law, has been named in Who's Who in Construction Law every year since 2005, and is an adjunct professor of the Construction Law and the Construction Practice courses at the University of Nebraska College of Law.
