

Michael C. Loulakis ,Esq.
Reston, Virginia

Current Employer-Title

Capital Project Strategies, LLC – President & Chief Executive Officer

Profession

Attorney, Consultant

Work History

President/Chief Executive Officer, Capital Project Strategies LLC, 2007 – Present; Shareholder, Akerman Senterfitt Wickwire Gavin, 2006 – 2007; President (2000 – 2006)/Shareholder (1983 – 2006)/Associate (1979 – 1983), Wickwire Gavin P.C., 1979 – 2006; Engineer, Geotechnical Engineers Inc, 1976.

Experience

Almost 45 years of construction industry experience, as a geotechnical engineer, construction lawyer, and procurement and contracting consultant, with substantial experience on design-build, P3 and EPC projects.

As a construction lawyer, has represented owners, general contractors, subcontractors, design professionals, construction managers, sureties, and insurers. Legal experience includes transactional services (e.g., advice on project delivery and procurement, as well as contract drafting and negotiations) and representing clients on claims and disputes. Significant experience in handling large conflicts involving changes in scope, differing site conditions, delays, disruptions, defective work, and terminations. A majority of the conflict experience involved disputes subject to arbitration. Project experience includes public infrastructure (e.g., transportation, water/wastewater, tunnels); industrial (e.g., petrochemical and process); commercial and public (e.g., correctional and DOD) facilities; healthcare; and multifamily residential.

Substantial experience representing owners and developers on power generation facilities (e.g., coal, gas, biomass, and hydroelectric). Projects

The AAA’s Rules provide the AAA with the authority to administer an arbitration including, arbitrator appointment and challenges, general oversight, and billing. Accordingly, arbitrations that proceed without AAA administration are not considered AAA arbitrations, even when the parties select an arbitrator who is on the AAA’s Roster.

The information contained in this resume has been supplied solely by the individual arbitrator and may, or may not, be a complete reflection of their experience. The AAA assumes no responsibility for the content, completeness, accuracy, or reliability of the information contained in an arbitrator’s resume. If you have any questions about an arbitrator’s experience or background, you are encouraged to contact your case manager.

Arbitrators on the AAA Roster are not employees or agents of the AAA.

include domestic and international (e.g., India, Pakistan, and China), with experience ranging from contract drafting and negotiations to representing clients in claims and disputes.

Since 2006 has focused on providing consulting services to public and private sector owners on their capital projects. Services generally include advice on project delivery, risk management, procurement, and contracting approaches for design-build, EPC, EPCM, or P3 delivery models. Public sector consulting experience in transportation industry includes heavy and light rail, road and bridge, airport, and tunneling projects. Public sector consulting experience in water/wastewater industry includes treatment plant expansions/renovations and tunnels (both intake and combined sewer overflows). Private sector consulting experience includes healthcare, data centers, food processing, and international oil and gas, power, and petrochemical.

Adjunct Professor in the Department of Civil, Environmental, and Infrastructure Engineering, George Mason University.

Alternative Dispute Resolution Experience

Arbitration panelist (including panel chair) on variety of construction disputes, including matters involving disputes in excess of \$1.0 billion. Typical disputes involve contested changes, differing site conditions, delay and disruption-related issues, terminations, and defective work. Has served as a panelist on ICDR and other arbitral panels involving power generation, mining and other industrial projects.

In addition to arbitration experience, frequently serves on Dispute Review Boards (DRBs), including both binding and non-binding DRBs. Has served as a chair and party-appointed wing on DRBs in the transportation sector for projects delivered through design-build and P3, including road, bridge, and aviation projects. Has also served on a DRB for a nuclear project.

Education

Boston University School of Law (JD-1979); Tufts University (BS, Civil Engineering-1976).

Professional Licenses

Admitted to the Bar: Virginia (1979), District of Columbia (1980), Maryland (1990).

Professional Associations

Design-Build Institute of America (Fellow; Brunelleschi Lifetime Achievement Award; Past Member Board of Directors; Past Chairman of Manual of Practice Committee, Education Committee, and Best Practices Committee); American College of Construction Lawyers (Fellow); National Academy of Construction (elected member); Water Collaborative Delivery Association, Past Member Board of Directors; American Bar Association (Member, Forum on Construction Committee and Public Contract Law Section); American Society of Civil Engineers (Member); Virginia Bar Association.
